Our whole wheat breads are the cornerstone of our business... in fact, we believe that they are the best money can buy! We start with the world's best bread-baking wheat: hard-red spring wheat from north-central Montana. We stone-grind the wheat into fresh flour every morning... right in the bakery! This freshly-ground flour is at its peak for freshness, flavor and nutrition when we use it to bake our whole wheat breads. We combine it with other simple, all natural ingredients, never using oils of any kind, preservatives or artificial ingredients. Our whole-wheat breads are naturally low in fat and high in nutrition, so they not only taste great, they're also great for you!

So when we say we bake the world's best whole-wheat bread, we're serious and we're willing to back it up... step up to our breadboard for a FREE slice and see if you don't agree!
